## *a gathering place*

Whether your guests traverse the stunning botanicals next to the crystal clear waters of the natural swimming pond, or dine together in the light filled atrium, this enchanting space is for making meaningful connections.

Nina and Daniel Rowland - Co-Creators and Owners of The Water Shed - can warmly welcome everyone on arrival and host with The Water Shed Team for the duration.

They can also be on hand to offer guided tours and give insights into the wonders of biophilic design - the principles on which they created their home - plus their journey on Channel 4's Grand Designs and beyond.
